### **Beverages**

These are more popular during the fall and winter and then die down in warmer weather. The Hot Spiced Cider/Wine and Russian Spiced Tea are especially popular in the fall and winter. The Hot Chocolates sell really well during the

cold months, especially at Christmastime. When you sample the Hot Buttered Rum, it sells great!!!! Frozen Hot Chocolate sells best in summer months.

### **Sugar Free**

PawPaw's Sugar Free Chocolate Pie, Sugar Free Coconut Pie, Sugar Free Raspberry Dip, Sugar Free Key Lime Pie, Sugar Free Peanut Butter Pie, Sugar Free Fruit Crisp, and Sugar Free Lemonade Pie are the most popular sugar free mixes. They are easy to make, easy to sample, and our best selling sugar free mixes. Poppy's Sugar Free Pumpkin Pie is popular as well, although it tends to sell better in the Fall.

### **Seasonings**

All of the shaker jars are about the same in popularity. We sell more of the fish fry that is in the decorative fish bag at Christmastime and Father's Day, so we wouldn't suggest buying too many of these. Spicy Saltine Crackers is a great seller and perfect to sample with oyster crackers.
