Advertisement Kit

This is something similar to a start up kit, but we call it an advertisement/sample kit. It is a kit that you can bring to different schools, businesses, or other places of work to show a sampling of our products and then take orders from. The kit includes 7 different mixes from various categories that are really popular and good sellers. We put them in a white box full of bright blue crinkle paper. The box is labeled with our name and logo, and we also include some catalogs so that your customers can see other products we offer in case they want to order something that isn't included in the sample kit and some mailing list slips if they are interested in joining your mailing list. This box is easy to carry around and set up. This saves you a lot of time instead of setting up your whole display and from sitting there all day. You would simply drop it off, pick up your sample box and order forms in a day or two (leave it overnight if you wish), and then fill the orders! If you set the kit up at several different places in one week, then you could place one big order at the end of the week. That way the turnaround time is quick. The mixes in the sample box are as follows:

Key Lime Pie
Mexican Meatloaf
Mexican Fiesta Dip

Baked Potato Soup
Sugar Free Peanut Butter Pie
Slow Cooker Chicken Parmesan
Fuzzy Navel Wine Slush

5 catalogs
20 order forms
30 mailing list slips

When the mailing list slips and order forms are all used up, feel free to duplicate your own copies from the distributor page of the website. When the catalogs are all gone, you can just order those off of the wholesale order form.

The price of the sample kit is \$29.00 plus shipping.
